Visitor Parking Instructions:

Visitor parking is located in the underground parking garage, which is located on Dryden Road, off of Main Street.

When you enter the parking garage, insert a credit card into the machine at the entry column with the magnetic strip facing the ground, and the parking arm will go up. A parking validation ticket can be use when you exit.

When exiting the parking garage, insert the parking validation ticket FIRST, once it is ingested into the machine at the exit column then insert the credit card used upon entry with the magnetic strip facing the ground. If used in this way there will be no fee charged to your credit card and the gate arm will rise to allow the exit. If it is used incorrectly, the card will be charged.

Getting to the CRF:

After parking, take the garage elevator to Level 1.

After exiting the garage elevator on Level 1, enter the building and check-in with Security in the lobby. Security will direct you to the elevators. Proceed to the 9th floor.
